

foto care rentals

At Foto Care, we are extremely passionate about photography but even more passionate about the lifelong journey that photographers embark on. We will do absolutely everything we can to support that journey. It is for this very reason that our commitment to the photographic community we serve extends well beyond a purchase. We believe the better we know our customers, (their needs, desires and goals) the better we are able to support them (guide them, educate them, celebrate their accomplishments). We pride ourselves on our selection of equipment, knowledge, attentiveness and willingness to go above and beyond to accommodate our customers. We recognize that business can be challenging and we look forward to working individually with you to create a competitively priced rental package that will meet your needs. We are committed to exceeding your expectations. We offer a number of rental options including a daily, weekly and weekend rate. Want to rent equipment for the weekend? Check out what you need on Friday after 3pm and keep it until 10am on Monday for the price of a 1 day rental! Looking to rent equipment for an entire week? You only have to pay for 3 days and keep everything for 7 days!
